19x7 Rotation Resistant Wire Rope

These wire ropes are specially designed for use when rotation must be kept to a minimum. Strict adherence to breaking-in procedures and proper handling during use are extremely important with these ropes.

Sizes 1/2" and up meet the performance requirements of API-9A. All sizes listed meet proposed A.S.T.M. National Standard on Wire Rope for General Purposes, as applicable. WSC, EIPS.

19 x 7 Rotation Resistant with Wire Strand Core

Diameter in Inches	Approx. Weight per Foot in Pounds	Breaking Strength in Tons*
1/4	.113	2.77
5/16	.177	4.30
3/8	.25	6.15
7/16	.35	8.33
1/2**	.45	10.8
9/16	.58	13.6
5/8**	.71	16.8
3/4**	1.02	24.0
7/8	1.39	32.5
1	1.82	42.2
1.1/8	2.30	53.1
1.1/4	2.85	65.1
